

METH AWARENESS TRAINING FOR FIRST ON-SCENE LAW ENFORCEMENT PERSONNEL

presented by Network Environmental Systems &

sponsored by COPS Grant 2007CW0013

(4-HOURS)

The funding from COPS will be used to provide awareness training on a national basis to inform non-clandestine laboratory certified local and state law enforcement on the dangers associated with methamphetamine production and their users. This training is designed for first on-scene law enforcement personnel, however, class is open to other first responders.
